

GUIDELINES FOR AUSTIN OPERA'S PERFORMANCES

Your health & safety is our priority.

To ensure a safe and comfortable experience for artists, staff, and patrons, Austin Opera Guests at the Long Center can plan for the following safety protocols to be in place when we return:

1

WEAR A MASK

At all times, remember to continually wear a mask that covers your mouth and nose.

2

WASH YOUR HANDS

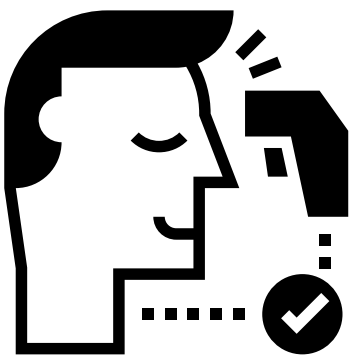

When you are able, wash your hands for at least 20 seconds with soap and water.

3

USE HAND SANITIZER

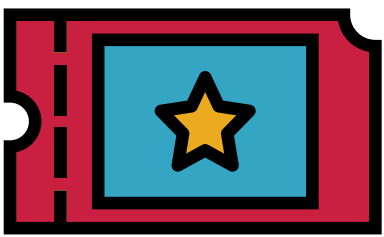

In addition to washing your hands, please use hand sanitizer often, especially before and after readjusting your mask and touching your face or any shared surfaces.

4

TEMPERATURE CHECK

When you enter the Long Center, staff will perform a quick contactless temperature check to make sure no guests are currently running a fever.

5

CONTACTLESS TICKETING

Austin Opera and the Long Center Ushers will ensure contactless ticket scanning.

6

CONTINUOUS CLEANING

The Long Center is committed to a rigorous cleaning and sanitization schedule that includes high-contact surfaces.

THANK YOU FOR YOUR COOPERATION!
